PROFESSIONAL SUMMARY

Motivated and detail-oriented Full-Stack Developer with hands-on experience building web applications using modern technologies such as React, Node.js, Firebase, and APIs. Strong background in teamwork and problem-solving. Passionate about creating user-friendly, efficient digital solutions and continuously improving through learning and collaboration.

TECHNICAL SKILLS

- Languages & Tools: JavaScript, HTML5, CSS3, React.js, Node.js, Express.js, Firebase, REST APIs, MySQL, Git, GitHub
- Soft Skills: Attention to Detail, Problem Solving, Teamwork, Adaptability, Time Management

PROJECTS

Netflix Clone (React & API Integration)

- Built a fully functional Netflix-style web app using React, TMDB API, and Firebase Authentication.
- Implemented user authentication, movie browsing, and dynamic content rendering.
- Deployed via Netlify and optimized performance for fast loading.

Amazon Full-Stack Project

- Developed a complete e-commerce platform with both front-end and back-end functionality.
- Integrated product listings, shopping cart, checkout system, and user login using Node.js, Express, and Firebase.

Evangadi Forum Collaboration

- Contributed to a full-stack discussion forum project in collaboration with peers.
- Added AI chatbot integration, improved UI components, and helped manage project workflow using Trello.

EDUCATION

- Bachelor's in Computer Science – Ethiopia
- Full-Stack Development Certificate – Evangadi Tech

ADDITIONAL INFORMATION

- Actively improving skills in React, Node.js, and Java
- Authorized to work in the U.S.
- Open to full-time or internship developer roles
